

STALMINE-WITH-STAYNALL PARISH COUNCIL

Update from the clerk 4th June 2026

Stalmine Play Ground Area

Playground inspections for May 2026 show no issues.

Plants Man's

The Plants man has fixed the broken style down Occupational Lane. He has been planting up the Urns. He has cut the hedge along the footpath in the woodland. He has been watering the plants, strimming in required areas, litter picking, weeding beds, cleaning the signage, and ensuring P.R.O.W are clear and cut back.

Lengths Man

The lengths man along with a Wyre representative has erected a post and a 'no fly tipping' sign at the layby site on Moss House Lane, to deter fly tippers. He has also painted the bench on Burrows Lane, along with his usual duties.

External Audit

The documents have now been filed with the external auditor, and all required information has been placed on the council's website and notice boards.

Village Hall

I have confirmed the 2026/27 meeting dates with the village hall, and asked for an annual invoice.

Council Insurance

The council insurance has now been paid, as resolved at May's meeting.
